SKILLS

FRONT END DEVELOPMENT

Nextjs | React | Redux | JavaScript | SASS | Tailwind | Bootstrap
HTML | CSS | WordPress | UI/UX | Responsive Design

MISCELLANEOUS

Linux | Git | GitHub | Python | Office

SOFT SKILLS

Team Player | Action Bias | Deliver Results

EXPERIENCE

Maxhive Services Pvt. Ltd. | 2 Years

React | JavaScript | HTML | CSS | WordPress | Git

- **Website Development:** Designed and developed custom websites for various clients using React, vanilla JS and WordPress.
- **ES6 and Modern JavaScript:** Applied ES6 and modern JavaScript features in development, enhancing code readability and taking advantage of the latest language capabilities.
- **UI/UX and Responsive Design:** Prioritized a user-centric approach, creating intuitive interfaces for enhanced user experiences that are consistent across various devices.
- **Performance Optimization:** Applied optimization techniques, such as code splitting and lazy loading, to enhance the performance of React applications and minimize load times.
- **State Management:** Effectively managed application state using React's state management, optimizing performance and ensuring data consistency across different parts of the website.
- **API Integration:** Integrated APIs with React applications to fetch and display real-time data, enabling dynamic and up-to-date content.
- **Cross-Functional Collaboration:** Collaborated with graphic designing and content creation teams to ensure a cohesive and visually appealing online presence.
- **Version Control with Git:** Utilized Git for version control, enabling efficient collaboration and tracking changes throughout the development process.

EDUCATION

BBD UNIVERSITY

M. Tech (Transportation Engineering)
Lucknow, U.P. | May 2021

AMITY UNIVERSITY

B. Tech (Civil Engineering)
Lucknow, U.P. | Nov 2017
