Team Player | Action Bias | Deliver Results

EDUCATION

BBD UNIVERSITY

M. Tech (Transportation Engineering)

Lucknow, U.P. | May 2021

AMITY UNIVERSITY

B. Tech (Civil Engineering)

Lucknow, U.P. | Nov 2017

EXPERIENCE

Lead Software Engineer

Ntechzy | April 22, 2024 – August 1, 2024

- Led a team of MERN stack developers in designing and implementing a lead management system tailored to the client's specifications.
- Coordinated development efforts, ensuring alignment with project goals and timelines.
- Architected and developed the system using the MERN stack (MongoDB, Express.js, React.js, Node.js), optimizing for performance and scalability.
- Conducted code reviews, mentored team members, and facilitated knowledge sharing to enhance overall team proficiency and code quality.
- Collaborated closely with stakeholders to gather requirements, provide regular updates, and incorporate feedback into the development process.

Software Engineer

Maxhive Services Pvt. Ltd. | 3 Years

Designed and developed custom websites for various clients using React, vanilla JS and WordPress. Prioritized a user-centric approach, creating intuitive interfaces for enhanced user experiences that are consistent across various devices.
